- Don't expect to understand everything the first time you read it! This type of reading is best for getting a general overview and perspective of what the Bible says
- There is no need to race! It is more important for you to pay attention to the Bible and let it change you.
- If you would like to read some passages twice, in the time you read the rest of the Bible once, place a diagonal in the box the first time you read it and another diagonal the second time you read it.  
First time  Second time
- It is a good idea to have a journal or notebook to record observations and thoughts. You could combine it with a prayer journal, etc. if desired.
